EC CERTIFICATE OF CONFORMITY

1301 – CPD – 0818

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

Steel mesh for retaining of unstable slopes

Chain Link Wire Mesh DELTAX® G80/2

is used to prevent and control the rolling and falling of rocks on slopes and to stabilize unstable slopes by covering them with either drape or nailed solutions. The products are designed, manufactured and installed in accordance with the ETA holder's concept and installation guide. A range of ambient temperature from - 20 °C to + 50 °C that covers the general situation met in different countries is fulfilled.

placed on the market by the manufacturer

Geobrugg AG
Geohazard Solutions
Aachstrasse 11, 8590 Romanshorn
Switzerland

and produced at the manufacturing plant

Geobrugg AG
Geohazard Solutions
Aachstrasse 11, 8590 Romanshorn
Switzerland

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the Notified body No.

1301 - Technický a skúšobný ústav stavebný, n. o.

has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in the

ETA – 12/0285

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on 22 February 2013 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Bratislava, 22 February 2013
